WE ENVISION

To contribute for academic development of the nation by transforming resources in health, science and technology.

WE AIM

To grow further stronger and more trustworthy publishing company in the field of health, science and technology.

WE INTRODUCE

A decade long journey has been further strengthened and encouraged to reach in a new pinnacle and, we honor every customer and reader who helped us providing opportunity for this mission. We assure enhancement persistently for better contribution in the field of health science and technology. We are equally indebted to our authors, editors, researchers, and channel partners for their invaluable contribution in sharing and exploring the knowledge in the realm of sciences. In a short span of time, our publication has been able to earn the trust of medical, technology and health science career aspirants. We assist people to understand, achieve and discover better in the field. We are highly encouraged to facilitate young aspirants for achieving quality and integrity to excel in health science and technology. We work closely with health care professionals, health care information providers, pioneer faculties and experts from different genres of health science and technology to refine contents further.

We are focused and specialized in publishing books and resource materials and deliver them to achieve par excellence in the field of Health Science and Technology. We take pride in publishing and distributing contents, catering to the need of students, graduates, researchers and others. We have expanded our services across the nation and ensure that our books are perfectly positioned in the market channel to reach our primary audiences—students, teachers, libraries, bookstores.

We also work together with renowned international publishing companies to provide and avail the best possible resources, focusing the needs in priority and share common goals for transforming lives around the globe. Apart from our own books, we exclusively distribute and sell books from the international publisher. Jaypee Brothers, CBS, Elsevier India, McGraw Hill, Arnold, FA Davis, Elsevier International, LWW, Springer, SR Health, NCBA, UBSPD, Academic Publisher, A.S. Prakashan, S. Dinesh, GR Bathla, Trueman et al are frontiers of supplying international titles to us.

Mohan Acharya
Chairman & CEO

A customer is the most important visitor on our premises, he is not dependent on us. We are dependent on him. He is not an interruption in our work. He is the purpose of it. He is not an outsider in our business. He is part of it. We are not doing him a favor by serving him. He is doing us a favor by giving us an opportunity to do so."
